With just two more days left, make sure you get to the Walker Room Gallery at the Niagara Pumphouse Arts Centre (NPAC) and feast
your eyes on the current exhibit, The Big Chill — so appropriate for these cold winter days.

In this show NPAC members explore the many moods of winter, featuring a wide range of styles and mediums.

Memberships to the NPAC include benefits such as a 15 per cent discount off programs and workshops, first notice and registration for new classes, and opportunities to display work at a Members Show. And best of all, a membership connects artists and art lovers!

Membership levels include student, individual, family, lifetime, and the professional NOTL Arts Collective for local artists. Members who
volunteer can earn free workshops or courses, encouraging more community involvement.
The Big Chill runs until Jan. 24..The NPAC at 247 Ricardo St. is open Tuesday to Sunday from 11 a.m. until 4 p.m., closed on holidays.

Come on in, and enjoy the many moods of winter. Be amazed by the creative spirit of our artist community!
