

Making Art on your iPad using Procreate

Instructor: Helen McCusker

Materials:

- iPad
 - Fully charged and ideally connected to wifi
 - In good working order, with power cord and accessible outlet (Drawing Apps require a lot of power, so you will probably need to stay plugged in while you are working)
 -
- Apple Pencil
 - Fully charged and connected to iPad before the workshop
 - Can also use third party stylus such as Logitech, or your finger – but you won't be able to take advantage of the pressure- sensitive features.
- Procreate App
 - Purchase from App Store

Notes:

You will need a separate device to access the online class – you won't be able to work on your iPad and Zoom on it at the same time.

A working knowledge of your iPad is helpful (how to turn it on and off, connecting to wifi, how to download/upload photos, etc.)

Please do not purchase supplies until you have been notified of the confirmation that your class is indeed proceeding as scheduled.

You will receive notification a minimum 1 week prior to the beginning of class.
